

FCCLA Planning Process Summary Page

IDENTIFY CONCERN

- I am concerned that my video will not reach the proper audience.
- I am concerned that the video directions will be unclear.

SET A GOAL

- My goal is to teach 12-to 16-year-old kids the proper safety protocols, measurements for baking, and how to use the proper baking tools.

FORM A PLAN (WHO, WHAT, WHEN, WHERE, HOW, COST, RESOURCES, AND EVALUATION)

- Who: Children ages 12-16
- What: A video informing children about how to bake using the proper measurements and practicing proper sanitation, while using the proper tools.
- When: January 15, 2026
- Where: My kitchen
- How: An instructional video on making brownies with proper sanitation, measurements, and tools.
- Cost: \$2.50
- Resources: Phone, Video editing app, Google Sites, supplies for baking brownies
- Evaluation: I showed it to my teachers, friends, and family before I posted the video.

ACT

- Create a video showing how to make brownies safely and correctly, using proper measurements.

FOLLOW UP

- I enjoyed doing this project because I want more people to know the proper sanitation and measurements involved in baking.
